Failure to meet the standard is negligence, and any damages, resulting therefrom may be claimed in a lawsuit by the injured party. (Retrieved from <https://legal-dictionary.thefreedictionary.com>).

Professional Pastoral Standards

The Code of Pastoral Conduct and Accountability for Lay Diocesan Employees (the “Code”) provides guidance for the conduct of all lay employees (“employees”) carrying out ministries and activities on behalf of the Diocese, parishes, offices, programs or related Catholic lay associations and organizations. It is intended to ensure practices of accountability by considering a variety of circumstances that, if not appropriately addressed, may create a risk of boundary violations, incidents of misconduct or abuse, allegations, claims and/or lawsuits.

Employees who act in the name of the Church in virtue of their participation in the work of the Diocese and the parishes, are in a position of trust and authority. They must be held accountable for their actions and behaviours in their ministry. Therefore, in order to maintain the highest level of accountability, there must be clear and unambiguous guidelines for appropriate and inappropriate behaviour and conduct, ministry, and pastoral activities. Thus, the Code provides guidelines, practices and procedures in promoting a safe environment for identifying personal and professional boundaries that must be respected and maintained. It also serves as a prudential guide in identifying best practices for ensuring safe environments, supporting expected practices of exemplary behaviours and activities for those entrusted with roles of pastoral ministry and service which reflect charity, justice and fairness in accord with the teachings of the Catholic Church and the applicable laws of both canon law and secular laws.

The Diocese is committed to establishing, maintaining and implementing reasonable policies, associated practices, and procedures to ensure a safe environment and support priests, deacons and religious. However, no policy manual or code of conduct can anticipate every circumstance or question concerning a policy. Questions about any aspect of the Code can be directed to the Moderator of the Curia or to the Human Resources Office.

It is the responsibility of all employees working within the Diocese to familiarize themselves with the Code, and the policies and procedures that apply to their role. A signed acknowledgement form must be returned as part of the employee orientation package, signifying that the Code has been reviewed and that the employee will comply with the established policies and guidelines.

The Diocese, upon its own authority may determine, alter or modify policies, procedures, or other statements made in this document. The current version of the Code, including updates will be available on the Diocese website.

Strengthening Our Parish Communities

The *Strengthening our Parish Communities (SOPC) Program* was introduced in 2010 throughout the Diocese as a comprehensive Ten Step process to screen and monitor individuals working within the Diocese including employees. Screening is a process that improves the quality and safety of the programs and services offered in the Diocese. Employees are responsible for completing the steps required in the screening process that apply to the role which they will be performing.

- Serving in ministry programs where participants are minors and/or vulnerable adults is contingent upon obtaining satisfactory clearances (i.e. Vulnerable Sector Police Information Check, Intervention Record Check) prior to commencing in the role. These clearances must be updated as per Diocesan policy - every 5 years.
- Completion of the assigned Praesidium Sexual Abuse Prevention training modules is required within the period of time permitted and before commencing in a ministry role that provides service to minors and/or vulnerable adults.
- The Praesidium training modules are a key element of the SOPC program. Each module provides information and learning to increase awareness of the conditions and opportunities that can manifest themselves in day-to-day activities in our diocesan or parish environment, which can lead to the potential for abuse to occur. It is everyone's responsibility to be aware and to prevent these conditions from being present, thereby reducing the risk.
- Employees working directly with minors and vulnerable adults will be required to adhere to established boundaries and guidelines for working with minors and vulnerable adults as outlined in the Code.

All confidential information shall be kept strictly confidential by employees, both during and after becoming an employee with the Diocese, unless otherwise permitted in advance, in writing, by their direct supervisor, to be disclosed, or unless required to be disclosed by the Diocese in normal operations or as required by law.

Those employees who provide counselling or spiritual direction have additional responsibility related to confidentiality as follows:

- Information disclosed during the course of a personnel meeting, counselling, or spiritual direction shall be held in the strictest confidence possible.
- Information obtained in the course of such sessions shall be confidential, except for compelling professional reasons or as required by law.
- If in receiving this information there is a clear and imminent danger to the person or to others, the employee may disclose only the information necessary to protect the parties affected and to prevent harm.
- Before disclosure is made, if feasible, the employee should inform the person about the disclosure and the potential consequences.
- The nature of confidentiality and its limitations should be discussed with each person in matters dealing with personnel related matters, counselling and/or spiritual direction.
- Employees should keep minimal records of the content of all meetings related to personnel matters, pastoral counselling and spiritual director sessions.
- Information that is received from personal, professional, ministerial contact may be used in teaching, writing, homilies, or other public presentations only when effective measures are taken to absolutely safeguard both the individual's identity and the confidentiality of such disclosures of the information during such sessions. However, great care and prudence must be exercised especially in small communities where the information may be known or familiar to the public due to unique circumstances of the community.
- When counselling a minor or vulnerable adult, and if one discovers that there is a serious threat to the safety and welfare of the individual and that communication of confidential information to a parent or legal guardian is essential to their health and well-being, then the diocesan personnel, pastoral counsellor or spiritual director should:
 - Attempt to secure written consent from the minor for the specific disclosure.
 - If consent is not given, disclose only the information necessary to protect the health and well-being of the minor.
 - If possible seek consultation with the appropriate diocesan supervisory personnel before making a decision of disclosure.
- When in counselling a minor or a vulnerable adult one suspects abuse, employees are obligated by law to contact the police and the appropriate legal authorities, then to inform the Bishop's Delegate. In the case of an emergency, call 911.

- They have the responsibility to clearly set, define and maintain ethical boundaries between their professional, personal and social relationships with the staff members under their supervision.
- They may not enter into any sexual or financial relationships with those persons whom they supervise.

Conduct for Pastoral Counsellors and Spiritual Directors

Employees acting in the role of Pastoral Counsellors and Spiritual Directors must respect the rights of and be responsible for promoting the welfare of each person they are serving through pastoral counselling or spiritual direction.

- They shall not go beyond their competence in situations of counselling or spiritual direction and shall refer individuals in such cases to other professionals when appropriate.
- They should carefully consider the possible negative consequences of entering into a relationship of counselling or direction with a person with whom they have a pre-existing relationship (i.e. employee, professional colleague, friend, or other pre-existing relationship).
- They must not audiotape or videotape any sessions of counselling or spiritual direction.

- They must schedule and conduct counselling sessions or spiritual direction in appropriate settings and at appropriate times.
 - No sessions should be conducted in private living quarters.
 - No sessions should be held at times and/or in places that would tend to cause confusion about the nature of the relationship for the person who is seeking counselling or spiritual direction.
 - Never meet alone with a person for counselling, spiritual direction or other form of ministry or pastoral service in a location or at a time when no other person is present in the church facility to observe the interactions. Always promote an atmosphere and an attitude of openness and transparency when you meet with those whom you are counselling or directing.
 - If a person comes for an unscheduled appointment or arrives at a time when there are no other adults present in the church facility, the counsellor or spiritual director should either schedule an appointment or require another adult to be present in the facility if the session is to occur without an appointment.
 - It is important to maintain a log of the times and places of sessions with each person who is receiving counselling or spiritual direction.
- They shall assume full responsibility for establishing and maintaining clear, appropriate boundaries in all counselling and counselling-related relationships and spiritual direction. The responsibility for upholding proper boundaries must always reside on the one providing counsel or direction. Attempts by the person who is receiving counselling or direction to initiate an inappropriate relationship with the counsellor or spiritual director will lessen or mitigate the responsibility for maintaining and ensuring appropriate professional boundaries in the relationship of counselling or direction.
- Physical contact of any kind (i.e., touching, hugging, holding) between a priest, deacon, or religious with the person they are counselling or directing can be misconstrued and should be avoided. The principle of maintaining transparency and accountability must be adhered to in all interactions. Ensure that any physical contact is public, appropriate and non-sexual. Any interactions one has with the person they are counselling or directing conducted via social media and via electronic methods of communication must also be appropriate, professional, transparent and accountable.
- They must not engage in acts of sexual intimacies with the persons they are counselling or directing. Sexual intimacies include acts of physical sexual contact, inappropriate conversations or body language of a sexual or perceived sexual nature. It also includes consensual and non-consensual physical contact, forced physical contact, and inappropriate sexual comments that are spoken or written.
- If there is a risk of exploitation or potential harm to individuals who are seeking counselling or direction then the priest, deacon, or religious should presume and avoid the potential for exploitation or harm occurring due to the intimate nature which relationships of counselling and direction can elicit.

- They should inform caregivers and young people of the policies and procedures around working with children and request acknowledgement of their receipt and understanding of the information in writing before entering into sessions of counselling or spiritual direction. They shall not engage in sexual intimacies with individuals who are close or related to the person they are counselling -- such as relatives or friends of the person.
 - Caregivers must know what practices are in place to ensure safe environments and be aware of proper behaviour when planning such activities for youth that would involve counselling or direction.
- They must inform staff on the premises of one-on-one meetings with youth and invite visual observation or status checks – even if the meeting is not in church facilities or on diocesan church property. For example, being able to visually observe such interactions at all times from outside the room provides assurance that the interactions are appropriate to the ministerial relationship of counselling or direction without compromising the privacy of the session.
- They should establish a type of emergency response system with colleagues and/or staff to properly respond to emergencies or unforeseen situations that could create a risk or unsafe environment when counselling or directing a person.

Conduct with Minors and Vulnerable Adults

Employees must maintain an appropriate, open and trustworthy relationship between minors and vulnerable adults and their parents or adult supervisors.

Such allegations are addressed in the *Policy and Procedures for the Prevention and Management of Sexual Misconduct and Abuse*.

Breach of Code of Pastoral Conduct and Accountability for Employees

In the event that the Diocese becomes aware from any reasonable source that an employee is, or potentially is, in breach of the Code, unless such breach is the result of bona fide error in judgement by the individual as determined by the Diocese, then the Diocese may undertake an investigation into the circumstances surrounding the breach.

1. Verbal warning;
2. Reprimand in writing;

The Diocese of Calgary is committed to protecting everyone we serve through our programs and services. We owe a duty of care to protect parishioners, employees, volunteers and the community-at-large, especially minors and vulnerable adults. The *Strengthening our Parish Communities Program (SOPC)* identifies the Ten Steps for Screening Volunteers and Employees that must be followed throughout the Diocese, without exception. It is everyone's responsibility, regardless of their role, to be aware and to take steps to prevent conditions that may increase the risk to minors and vulnerable adults from being present.

Purpose

This policy sets out the Diocese of Calgary's commitment to protecting everyone served through its programs and services. It ensures volunteers and employees are aware of the consistent screening process for all volunteers and that volunteers are able to apply for roles within the Diocese and should expect to participate in the screening process.

Procedure

Every position within the Diocese, whether staff or volunteer, will be evaluated based on the factors listed below and a rating of low, medium or high trust/risk determined.

Evaluation factors:

- Degree of isolation of the role
- Degree of supervision
- Access to Diocesan property
- Degree of physical contact
- Vulnerability of persons served (minors or vulnerable adults)
- Degree of physical or emotional demands
- Degree of trust
- Degree of inherent risk

The rating determines the screening requirements for the role which may include any or all of the following:

- Completion of a Volunteer Information Form
- Interview
- Two-three personal reference checks
- Agreement to the Code of Pastoral Conduct and Accountability
- Vulnerable Sector Police Information Check
- Intervention Record Check from Child and Family Services
- Training (including Praesidium on-line sexual abuse prevention program) and orientation
- Supervision, periodic evaluations and follow-ups

Any individual working directly with vulnerable adults (minors and vulnerable adults) will be required to adhere to established boundaries and standards for working with minors and vulnerable adults.

APPENDIX II - Codes of Pastoral Conduct and Accountability

Scope

This Policy applies to all clergy and religious, employees, volunteers, lay associations and those visiting from outside the Diocese.

Policy

Agreement to the provisions set-out in the *Codes of Pastoral Conduct and Accountability* is required and considered a condition of working within the Diocese of Calgary. All individuals, whether paid or unpaid, are responsible for reviewing the *Code of Pastoral Conduct and Accountability* specific to their role and signing the companion *Agreement to the Code of Pastoral Conduct and Accountability* prior to engaging in service within the Diocese. Every individual has personal responsibility to ensure that their actions and behaviours conform with the provisions set out in their respective *Code* and that failure to comply with the provisions may result in corrective action, up to and including release from their role or inability to continue providing ministry within the Diocese.

Purpose

Each *Code of Pastoral Conduct and Accountability* has been written so that those working within the Diocese understand the standards they are expected to uphold when interacting with others who they work alongside, as well as those who they serve. It ensures the highest standard of safety for all in our community and provides for the effective and efficient operation of the Diocese, its parishes, ministries and programs.

Procedure

- Every individual working within the Diocese will be provided with a copy of the *Code of Pastoral Conduct and Accountability*, either hardcopy or electronic copy, that is applicable to their role prior to engaging in their work.
- Clergy and religious, employees and volunteers are required to review the *Code of Pastoral Conduct and Accountability* applicable to their role in the Diocese every two years and sign the *Agreement* to their respective Code. The Diocese will determine when this will occur in the designated year (i.e. September 2023).

APPENDIX III – Police Information Checks & Intervention Record Checks

Scope

This policy applies to all clergy and religious, employee, volunteers, and others providing services or support within the Diocese of Calgary (i.e. lay associations).

Policy

Individuals will be required to obtain the necessary clearances (i.e. police information check and/or intervention record check) applicable to their position/role in the Diocese. However, those engaging in programs where participants are minors and/or vulnerable adults will be required to obtain a Vulnerable Sector Police Information Check as a minimum and will be required to obtain an Intervention Record Check if required for their role prior to commencing in their role.

Police Information Check (PIC) – is a process that provides information as to whether an individual has a Criminal Record and is conducted Canada-wide through both local police services and the Alberta Provincial Court records. Individuals not engaging with minors or vulnerable adults are required to obtain a PIC. Should their position change to include working with minors or vulnerable adults, they will be required to obtain the next level of record check.

Vulnerable Sector Police Information Check (VSPIC) – is a process that verifies whether an individual has a criminal record as well as any record suspensions (pardons) for sexual offenses involving minors or vulnerable adults. Any person working within the Diocese who is in a position of trust or authority over minors or vulnerable adults is required to obtain a VSPIC prior to starting in their role.

Intervention Record Check (IRC) - in addition to the VSPIC, certain positions within the Diocese (e.g. Elizabeth House) are required to complete an IRC. This review determines whether an adult has an existing intervention record with Child and Youth Services, which indicates that the person may have caused a child to be in need of intervention as defined under the Child, Youth and Family Enhancement Act.

A “clear” Police Information Check (PIC) indicates that there is no record of criminal convictions in Canada’s National Repository for criminal records.

A candidate, on condition that they obtain a PIC as quickly as possible, can receive a verbal or written offer of employment. Individuals whose role requires them to work with vulnerable people (minors and/or vulnerable adults) may not commence employment until a VSPIC is received.

If the VSPIC is not “clear” and a criminal conviction is identified, the Human Resources Office must be contacted for advice and approval prior to proceeding with the candidate commencing employment. A risk assessment of the candidate and role in which they are being hired must be conducted, taking into consideration the nature of the conviction, potential for contact with vulnerable adults, their relation to other employees and the duties and responsibilities of the position.

Purpose

The Diocese has a responsibility to ensure a safe working environment for its employees and volunteers as well as those individuals who seek support and services within our parishes (i.e. parishioners, minors, and vulnerable adults). One step towards ensuring safety is the requirement that all employees complete a Police Information Check (PIC) and a Vulnerable Sector Police Information Check (VSPIC). These checks are required as a condition of employment and will be renewed at least every five (5) years.

Procedure

Access to ePic:

1. When an individual is joining the Diocese for ministry, employment, or volunteering, they will be provided with information on how to obtain the applicable Police Check. They will receive an email invitation with a link to apply for their Police Information Check (PIC) or Vulnerable Sector Police Information Check if they are working at the CPC or Parish with access to the City of Calgary’s online application process (ePic). Through the online process, the individual will submit identification documents necessary to complete the check.
2. Once the necessary documents are submitted, the Human Resources Office or Parish Office will be notified and they will approve the cost for the check being invoiced to the Diocese.
3. Once the check has been completed, the individual will be required to share the results with the Diocese or the Parish in which they will work through the online process.
4. If they are unable to complete the request for a check online, they may go to their local law enforcement agency and request that a check be completed. A receipt for this service can be submitted for reimbursement.
5. Should Police Services require further information from the individual, an additional fee may be applied which will reimburse on submission of a receipt.

No Access to ePic:

- For those parishes without access to the City of Calgary’s online police check system, employees will be asked to apply for their Police Check through their local law enforcement agency (i.e. RCMP). The cost of obtaining the PIC or VSPIC will be reimbursed as will any additional costs incurred if additional information is required from the candidate.

APPENDIX IV – Confidentiality and Privacy

Scope

This Policy applies to all clergy and religious, employees and volunteers and third-party service providers of the Diocese (i.e. lay associations providing service on behalf of the Diocese).

Policy

The Diocese requires that all individuals working within the Diocese or on its behalf, sign a *Confidentiality Agreement* binding them against any release or disclosure of information acquired directly or indirectly through the course of their work concerning any business of the Diocese including parishioners, staff, donors, clergy or other volunteers. When such information is required to be shared for professional and/or legal purposes, it is done with discretion and respect for the persons concerned by an authorized representative of the Diocese.

This policy applies whether the individual is actively engaged, on a leave of absence or whose relationship with the Diocese has ended for any reason. If someone is ever unsure of their obligations to confidentiality, it is their responsibility to consult with their direct supervisor or Human Resources.

In turn, the Diocese will only ask for personal data from those working within the Diocese that is required to maintain and/or administer the employee-employer relationship or required under the *Strengthening Our Parish Communities* program. Personal Data provided to the Diocese will not be released to third-party individuals without consent unless required by law.

Purpose

Procedure

- A Confidentiality Agreement will be provided to individuals during the initial orientation.
- The original signed copy of the Agreement will be retained in the Diocesan office where the individual will be working.

APPENDIX V – Sexual Misconduct

Policy

Members of the Diocesan community have the right to be free from sexual violence and harassment. All those who work or volunteer within the Diocese are expected to conduct themselves in a manner that does not infringe upon the rights of others or harm them in any way. Any individual who believes they have been subject to sexual misconduct are encouraged to report these incidents. When an allegation of misconduct is brought to an appropriate Diocese representative, the Diocese will respond promptly, equitably and thoroughly to stop the behaviour, remedy its effects, and prevent its recurrence.

Purpose

This policy has been developed to reaffirm these principles and to provide recourse for those individuals whose rights have been found to be violated.

Procedure

Reporting:

Anyone who believes they have been the victim of sexual misconduct or harassment by an employee of the Diocese or volunteer should immediately report the incident to their immediate Supervisor, the Human Resources Office, or by calling the confidential diocesan information hotline, *If You Choose to Talk About it*, 1-833-547-8360.

Any volunteer who knows or has reason to know of incidents, allegations, or acts of sexual misconduct or harassment shall promptly inform one of the above listed individuals. Employees are required to disclose all information including the names of the parties to help ensure that the Human Resources Office will be able to act. Volunteers will be asked to disclose the names of the parties involved in the incident, as well as other potential witnesses, in order for the Human Resources Office to be able to act on the information. In some cases, not all of the individuals named will be contacted once Human

Resources reviews the situation and determines the best course of action in accordance with the appropriate policy.

All reported incidents or allegations will be investigated regardless of the severity of the incident and/or individuals involved.

If the incident falls within the guidelines described within the *Workplace of Respect Policy (Human Resources Policy #810-035)*, the Human Resources Office will be responsible for investigating the incident as per established procedures and providing a report to the Moderator of the Curia. Incidents covered by the *Workplace of Respect Policy* include:

- Unprofessional Conduct
- Personal Harassment (i.e. bullying, cultural insensitivity, discrimination, sexual harassment, workplace violence)

Related Policies & Applicable Documents:

- *HR Policies, Procedures and Guidelines Manual*

APPENDIX VI – Workplace of Respect

Scope

The Workplace of Respect Policy applies to all clergy and religious, employees, volunteers, participants in programs and events, parishioners and others doing business within the Diocese of Calgary (i.e. contractors, lay associations).

Policy

This policy prohibits all forms of unprofessional conduct, personal harassment (bullying, cultural insensitivity and discrimination), sexual harassment and workplace violence – hereinafter referred to as violations of respect – by management, supervisors, employees, contractors, subcontractors, suppliers, volunteers, parishioners or any other individual who has interactions within our place of work. All reported violations of respect will be investigated and, if substantiated, dealt with expeditiously.

Purpose

The Diocese is firmly committed to ensure a positive and professional working environment exists in which all employees, volunteers and visitors are treated with respect and dignity. Respect is defined as the willingness to show consideration for the rights or feelings of others; to treat them courteously, inclusively and safely.

We believe in a proactive approach to workplace respect and support the objective of providing all individuals with a healthy and safe workplace that is free from any form of harassment. It is required that everyone take preventative action to ensure that risks to an individual’s health and safety due to violations of respect are eliminated or reported.

Definitions

Violations of respect are defined as:

- **Unprofessional Conduct** – Behaviours that are unacceptable and can include inappropriate tone of voice, belittling behaviour such as eye-rolling, outward signs of exasperation or frustration, condescending verbal and/or body language, favoritism, or inappropriate communication (verbally or through email exchange).
- **Personal Harassment** – occurs when an employee is subjected to unwelcome verbal or physical conduct that is offensive, demeaning, humiliating, hostile or embarrassing to an employee or group of employees. It includes bullying, cultural insensitivity and discrimination. Onus is on the person experiencing the harassment to inform the harasser or a supervisor that the behaviour is unwelcome.
- In our policy, personal harassment is divided into:

- **Bullying:** interpersonal hostility that is deliberate, repeated and sufficiently severe as to harm the targeted person’s health, safety or economic status. It is driven by the perpetrator/bully’s desire to control another individual, humiliate them or intimidate.
- **Cultural insensitivity:** includes behaviour(s) directed towards an individual from another culture that would be considered disrespectful or cause humiliation or frustration to that individual based on cultural differences (using a gesture which could have an inappropriate meaning in another culture or in appropriate language such as referring to “your people”).
- **Discrimination:** defined differences based on the personal characteristics of an individual resulting in some disadvantage to that individual. Discrimination is a form of harassment prohibited under the *Alberta Human Rights Act*. Employers are legally responsible for actively discouraging and prohibiting humiliating conduct or language that results in the working conditions of one employee being less favourable than those of another employee based on the following grounds:

- Race	- Gender	- Sexual orientation
- Age	- Mental disability	- Source of income
- Religious beliefs	- Physical disability	- Family status
- Colour	- Ancestry	- Place of origin
- Marital status		
- **Sexual Harassment:** any unwelcome behaviour, which is sexual in nature. For example:
 - Posting suggestive photographs
 - Telling sexual jokes or making innuendoes
 - Leering, whistling or other inappropriate gestures
 - Vulgar language
 - Romancing subordinates
 - Referring to female employees as “girls”
 - Touching, physical grabbing or flirting with unwilling or even willing subordinates
 - Requesting sexual favours
 - Making similar unwelcome sexual advances to co-workers
- **Workplace Violence:** the threatened, attempted or actual conduct of a person that causes or is likely to cause physical injury. These acts include threats, menacing or threatening behaviour, and all types of physical or verbal assaults.

It may not always be obvious when harassment is taking place. Erring on the side of caution continues to be a most prudent, respectful and responsible course of action for all employees. Respect and responsibility are key elements in maintaining a harassment free workplace.

The Diocese will take any and all course of action available to it to prevent harassment from occurring, such as affirmatively raising the subject, expressing zero tolerance for any form of harassment, informing employees of their right to raise the issue of harassment and, developing a process for reporting harassment.

This policy is not intended to discourage an employee from exercising their rights pursuant to any other law concerning harassment or workplace violence, including the *Alberta Human Rights Act*.

In adherence to this policy, the following will guide violations of respect:

- Employees are encouraged to immediately report and seek resolution of any incident involving harassment, violence or threats of violence to their direct supervisor or Human Resources.
- There shall be no adverse job consequences against any person for notifying management of a violation of this policy unless the investigation determines that the person intentionally fabricated the charges against the accused.
- There shall be no retaliation from co-workers directed at an individual making a complaint. In the event it is found that retaliation against an employee who exercises his or her rights under this policy has occurred, severe discipline up to and including termination and ineligibility for rehire will be imposed.
- Investigations will be conducted in strict confidence by the Human Resources office and/or Moderator of the Curia and/or applicable department Director. Confidentiality is not the same as anonymity. The respondent (offender) is entitled to know the identity of the complainant and to receive a written copy of the complaint outlining the specifics of the allegation(s).
- Investigators will advise employees involved or consulted throughout the process that discretion and strict confidence is required, and that breaking of confidence could result in disciplinary action.
- The Diocese will not disclose the circumstances related to an incident of harassment or the names of the complainant, the person alleged to have committed the harassment, and any witnesses, except
 - Where necessary to investigate the incident or to take corrective action, or to inform the parties involved in the incident of the results of the investigation and any corrective action to be taken to address the incident, or
 - As required by law.
- Where necessary, the Diocese will disclose only the minimum amount of personal information necessary to inform employees of a specific or general threat of violence or potential violence. The Moderator of the Curia will determine the appropriate amount of information to be disseminated to employees (i.e. name of accused and potential threat).
- Malicious or false complaints and violations of respect will not be tolerated and appropriate disciplinary action will be taken, up to and including dismissal, ineligibility for rehire, and/or loss of other privileges may be invoked.

Procedure

Informal Resolution:

Any individual may choose to initiate action to resolve a harassment situation. Possible action could include some or all of the following:

- One-on-One Discussion – The complainant may inform the offender that the actions are unwelcome and must stop immediately.

- Manager/Supervisor Involvement – The complainant may request the involvement of a manager or supervisor to provide informal intervention towards an acceptable resolution of the situation.
- Human Resources Involvement – This can take various forms from providing education and sharing sessions with affected staff; reinforcement of standards, policies and expectations.
- Conciliation/Mediation – A neutral third party (i.e. Supervisor, Manager, Human Resources) meets with the two parties either together or separately in an attempt to resolve the concerns and to build agreement on how interactions will occur in the future.

Formal Resolution:

The formal process of complaint resolution may be pursued in the event that an informal approach does not resolve the situation or, when the complainant or the Diocese believes the formal process to be more appropriate based on the nature of the violation. If however, at any point in the formal process consensus is reached that an informal approach is more appropriate, the formal process may be suspended.

Steps:

1. Formal complaints are to be submitted in writing to the Human Resources Office.
2. If an investigation is deemed necessary, the Human Resources Manager will:
3. Advise the alleged offender in writing, of the nature and specifics of the allegations and inform the individual of his/her rights and of the investigation process. The complaint should include:
 - Names of individuals involved
 - A clear description of the incident(s) of concern including dates, times, places
 - Names of witnesses, if any
4. Determine if the complaint falls within the Workplace of Respect Policy
 - If the concern falls within the Workplace of Respect Policy, the Human Resources Office will determine whether a formal investigation is appropriate or alternatively, whether an informal resolution should be pursued
 - If the concern doesn't fall within the Workplace of Respect Policy, the Human Resources Manager will advise the complainant that it will not be pursued under that policy and will advise of other possible processes that may be appropriate
5. Advise the complainant of the investigation process;
6. Inform the Moderator of the Curia that a complaint has been filed and investigation commenced. A decision will be made whether or not the Human Resources Office will be the sole investigator or if a committee will investigate. This decision will be dependent on the nature of the complaint and/or individuals involved;
7. The alleged offender will be provided with a copy of the written allegation;
8. The investigator(s) will forward a written report with the findings of the investigation and appropriate recommendations to the Moderator of the Curia within thirty (30) working days;
9. Disciplinary action consistent with that outlined in this policy will be taken based on the evidence and findings contained in the report and as set by precedent;
10. The investigator will advise the complainant of the outcome of the investigation and subsequent action taken, as soon as possible.

Progressive Discipline

Progressive Disciplinary measures will be taken against the offender should an investigation provide sufficient evidence of a violation of respect. Each situation will be assessed on its own merit and disciplinary action determined based on severity of the infraction. Disciplinary steps are as follows:

1. Verbal warning: Spoken communication when the violation is of a minor nature and a first occurrence.
2. Written warning: Written communication to the individual. It may or may not be a first violation.
3. Suspension: The temporary removal of an individual from the workplace for a set period of time. Suspension is issued when:
 - The violation is of a serious nature even though it may be a first occurrence
 - The violation is of a minor nature but is a continuation of unacceptable behaviour after previous corrective action
4. Termination: Employment termination of the individual. Termination is issued when:
 - The violation is of such a serious nature that employment cannot continue
 - The violation is a final incident in a series of incidents

Monitoring Progressive Discipline

The Human Resources Office will be responsible for tracking progressive discipline and monitoring the effectiveness of the Workplace of Respect policy.

APPENDIX X - Health & Safety Program

Scope

The Health & Safety Program applies to all clergy and religious, employees, volunteers, and others doing business within the Diocese of Calgary (i.e. contractors, lay associations).

Policy

The Diocese has developed a health and safety program that outlines the safety measures and procedures that are to be implemented in our workplaces as required under *Alberta Occupational Health & Safety* legislation.

All employees and volunteers are expected to be familiar with the *Health & Safety Program* and adhere to the policies, procedures and rules as outlined in each of the areas identified in the program manual that are relevant to their role within the Parish/CPC or other Diocesan program. Those parishes with 20 or more employees are expected to implement the *Health and Safety Program* in its entirety as required by *Alberta Occupational Health & Safety*. Parishes with less than 20 employees will participate in the program as required by the Diocese.

Safety is everyone's responsibility and employees are responsible for ensuring that they know their rights and responsibilities as defined in the program. Adherence to the *Health & Safety Program* constitutes part of an Employment Agreement or Volunteer Agreement.

Purpose

The Health & Safety Program is meant to secure the safety of those working in the Diocese as well as those visiting. The program includes description of the kinds of hazards that may exist in the workplace, how they can be eliminated or controlled, what sort of policies, procedures, rules and/or equipment will be used to ensure a healthy and safe work environment. The program encourages people to be aware of their roles and responsibilities and to work together to identify and solve health and safety concerns.

Procedure

- Employees and volunteers working within the Diocese at the time that the Health & Safety Program is implemented will receive an orientation to the program which will include:
 - Responsibilities
 - Right to refuse to perform unsafe work
 - Reporting hazards and/or unsafe conditions
 - Workplace Inspections
 - Reporting accidents and injuries

- Emergency response procedures
- New employees and volunteers will receive an orientation to the program on the first day they start in their role.
- Prior to commencing work within the Diocese, contractors and sub-contractors will be required to participate in the Diocese Health & Safety Program orientation if they do not have a similar program within their company.
